

## Before

**GCE** was contracted by the City of Houston for a city wide concrete panel replacement program.

As part of the program, **GCE** provided major rehabilitation design and construction for Fannin Street, from Old Spanish Trail to I-610 Frontage Road.

**GCE** fast tracked the design and construction in order to accommodate major events at NRG Stadium. **GCE** was commended by the city for exceptional performance.

**GCE** completed the project successfully and opened the roadway ahead of schedule.

# Fannin Street Rehabilitation
